

# Student Loan Financial Literacy Skills

Project Title	Student Loan Financial Literacy Skills
Project Summary	Explore financial literacy education research and best practices for postsecondary students. Compile findings and produce content for studentaid.gov and other digital engagement for effective postsecondary student financial literacy information.
Country	United States
Agency	Federal Student Aid
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	2

## Project Description

Research practices that improve the financial capability of students in college and resources that help with college financial decisions such as applying to and paying for college, budgeting, money management, and student loan repayment. Compile information related to best practices at institutes of higher education. Present findings to Treasury's Financial Literacy and Education Commission and prepare other collateral that demonstrates efforts of Federal Student Aid to help students make wise decisions about attending and paying for college and managing loan repayment.
